Power BI

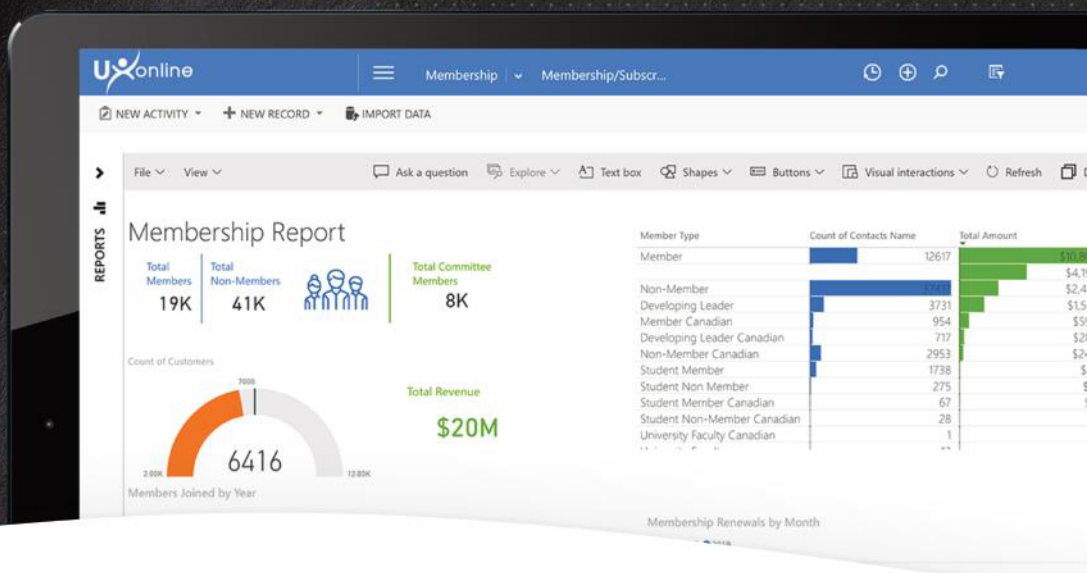

“

“Protech's LX 365 gives us the ability to easily drag and drop data directly onto a dashboard, and then interact with that data to quickly make intelligent business decisions that positively impact our members.”

— **Charlotte Hannagan**
Institute of International Finance

It's never been easier to visualize key member data. LX 365 arms your association's leadership with the reports and dashboards needed to maximize revenue and make data-driven decisions.

Bring Your Organization's Data to Life

Analyze hidden insights

Drive data-backed decisions
